

INSTALLATION GUIDE

1. Affix the enclosed drill template on a desired location on the door. Make sure to level the horizontal line on the template with the small holes being perpendicular to the horizon.
2. Drill holes as indicated on the template

Caution:

Drill the two small holes from the outside and not deeper than ¼". Do not drill all the way through the door.

3. Remove the template residue from the door.
4. Unscrew the front of the DoorScope and place in the hole from the outside.
5. Put the main body of the DoorScope through the hole from the inside and screw the body clockwise into the front end piece while holding the front piece in place from the outside.
6. After the front piece and the body are tight, tighten the nut on the inside to firmly secure the DoorScope to the door.

Warranty

The Manufacturer warrants the Door Viewer to be free from defects in workmanship or material under normal use for one year from the date of purchase. Manufacturer's obligations under this limited warranty are limited to replacing, or repairing the unit if returned along with the proof of purchase. This warranty is void if the unit has been tampered with, maliciously damaged, physically abused or installed with improper tools. The enforceability of this warranty is limited to the original purchaser and is not transferable to, or enforceable by, any subsequent owner. In the event of a defect, malfunction or other failures conforming to this warranty, ASD, LLC, will at its sole discretion, repair or replace the unit. You are responsible for all shipping costs in connection with warranty service. This warranty commences on the date of purchase and shall be effective for a period of one year.
